CAPTURE THE FLAG

Activity sheet · Playful

The Flag Hunt is a wonderfully fast-paced, tactical and creative activity.

The participants use iPads, where around 40 flags are shown on a digital map. The task is to navigate to as many places as possible in the time available. When the team reaches the right place, a question is automatically activated on the iPad.

The clock is ticking, and the further from the start you go, the more points the questions are worth! Black flags are unsolved tasks, a green flag means a visited place with the right answer and a red flag means a wrong answer. The team with the best cooperation, strategy and tactics will win this highly addictive activity.

The activity uses Puls' own app for iPad and can be held anywhere. Our Puls guide starts the activity together with the group and finally presents the trophy to the winning team!
