RAFT BUILDING

Activity sheet · Playful

Raft building is a wonderful summer activity that everyone enjoys!

With simple materials, the participants build a raft that will then be used in an intense raft race! This is where participants can really let their creativity flow and build team spirit. Building something from your own ideas is a very effective and fun way to get to know each other and bring a group together.

During the first hour the teams build their rafts, which are then presented for about 20 minutes – with nothing but superlatives, of course! The best build and presentation are rewarded with a small but oh-so-important head start in the race itself!

But now it is time to prove it – was the raft just pretty to look at but useless once it hits the water? The rules are simple: first around the buoy and back on land wins!

Good to know

Outdoors – dress for the weather.

Location
We come to you – all of Sweden

Duration
1.5 hours

Participants
10–200 participants

Price
Start fee SEK 7 500
+ SEK 495/person

Prices excl. 25% VAT.

Included
