FREKVENZ

Activity sheet · Playful

Frekvenz is a fun and fast-paced competition with communication as its main theme.

The aim is to crack the code to the final solution. All communication between the participants takes place over radios. The different parts of the team guide each other to around ten checkpoints, each with a problem the group must solve to complete the task.

Everyone learns to give and receive information – but how you interpret it, that is the big question! A fun adventure where clarity, cooperation and a good deal of creativity will be decisive.

Good to know
Both indoors and outdoors.
