MASTER OF MASTERS

Activity sheet · Playful

In this brand-new version of Master of Masters we have created a very exciting and challenging competition.

Five events are to be completed, each with a different purpose: concentration, focus, mental endurance, strength and self-discipline. The competition starts with a briefing and a pep talk before the fun begins. The exercises are lightly sporty, challenging, tricky and great fun to do.

The competition ends with a final between the two best teams in the classic Nattduellen. The winners are crowned Master of Masters and receive the fine trophy.
