MOUNTAIN BIKE QUIZ

Activity sheet · Adventurous

Mountain bikes (MTBs) were invented in California in the 1970s.

They are built for riding off-road and in difficult conditions. MTB Quiz is for groups who want fresh air combined with a competitive element. Using a map and compass, you ride to a number of waypoints where various puzzles and challenges await!

The idea is to give the participants a simple but exciting, relaxing and playful event with a big dose of fresh air. When the activity is over, the winners have been crowned and you have caught your breath, you will have had a great time together, cleared your heads and recharged your batteries!

Good to know

Clothes for the weather. Mountain bike and helmet included.

Location
