SEGWAY GAMES

Activity sheet · Playful

Segway Games is a fun and popular technical competition where teams compete against each other.

We start by handing out a Segway to each team, and everyone gets to test-ride it until they feel confident. Then the competition begins: each team rides through an identical course, with the difficulty increasing after each stage. Everyone in the team has to complete the course, and the fastest team at each stage is rewarded with a time deduction on its total time.

Finally it is time for the final, where the course is extra tricky. The team with the best team spirit and riding skills will win the trophy.
