THE SHOOTING CONTEST

Activity sheet · Sporty

Here we have combined the three most requested shooting activities into a fun shooting contest.

The archery uses competition bows, the air rifles have telescopic sights and the air pistols are of a classic model. We warm up with archery at different distances from the target. Then it is time to fine-tune the aim with our air rifles.

Everything ends with a thrilling final round where we bring out the decisive air pistols. Now it is time to show whether the participants have found their “inner target image”. The instructor gives tips and advice throughout. As the participants’ skills improve, we increase the distance to the targets. Simple, fun and everyone can take part. The highest score wins the day.
