NORTHERN LIGHTS TOUR – 2 H

Activity sheet · Mountain activities

A two-hour snowmobile tour in the dark, December–February, hunting for the northern lights. We ride towards a summit above the tree line with an open view in every direction.

On the way the guide tells you about the aurora and the culture around it. Before the start we go through safety, show how the snowmobile works and do a practice run. The route depends on the weather, mostly in sheltered terrain.

Good to know

Meet at one of our snowmobile centres. A valid driving licence is required. Adults get a warm overall, warm boots and a helmet – bring warm gloves. Children aged 8–12 dress warmly in ski clothes and an alpine helmet. 2 hours, max 50 participants.
