SUMMERGAMES

Activity sheet · Playful

The Summer Games is a competition in the Olympic spirit, with a number of events that resemble the real ones – although we have changed the rules and execution a little.

The games open with a joint ceremony where we line up by nation and light the Olympic flame. Team spirit is sky-high as we march with the national flags and sing our cheers. Once the flame is lit the games begin, and the participants move between five stations where five different competitions await.

The events can include canoe relay, archery, kickbike slalom, shot put and football golf. We can also add Segway, Bumperball and more at an extra cost. The events are adapted to the venue and your wishes. The games end with us adding up the results and holding a medal ceremony.
