THE MISSION

Activity sheet · Playful

The Mission is a fun activity where around 50 tricky and puzzling challenges are to be solved within a set time.

The equipment includes a digital camera, a few sheets of paper, a piece of string, a pen and a plastic bag. The aim is to complete as many missions as possible from the mission folder and earn as many points as possible! The participants get challenging tasks such as cracking secret codes to hidden phones, building “impossible” paper constructions and taking photos of colleagues carrying out various tasks.

All against the clock, of course, to make it extra challenging. When time is up we sum up the activity in good spirits and the winners are announced.
