HIKING IN THE BROWN BEAR'S REALM

Activity sheet · Adventurous

A guided hike in Härjedalen, where the brown bear is a natural part of the landscape. You hike through trackless, untouched mountain terrain with guide Caroline Nyiri, with a chance of seeing tracks or animals such as moose, golden eagle and wolverine.

Along the way you learn more about the brown bear's life and behaviour and its role in the ecosystem. By a lake or on a hillside we stop for lunch with local flavours and game, and campfire coffee.
